

# Journée Mondiale de la Normalisation World Standards Day

14.10

2022

## INTERVENANTS

**Dr. Jean-Philippe HUMBERT**  
Adjoint à la Direction  
ILNAS

**M. Jérôme HOEROLD**  
Responsable de département  
ILNAS/OLN

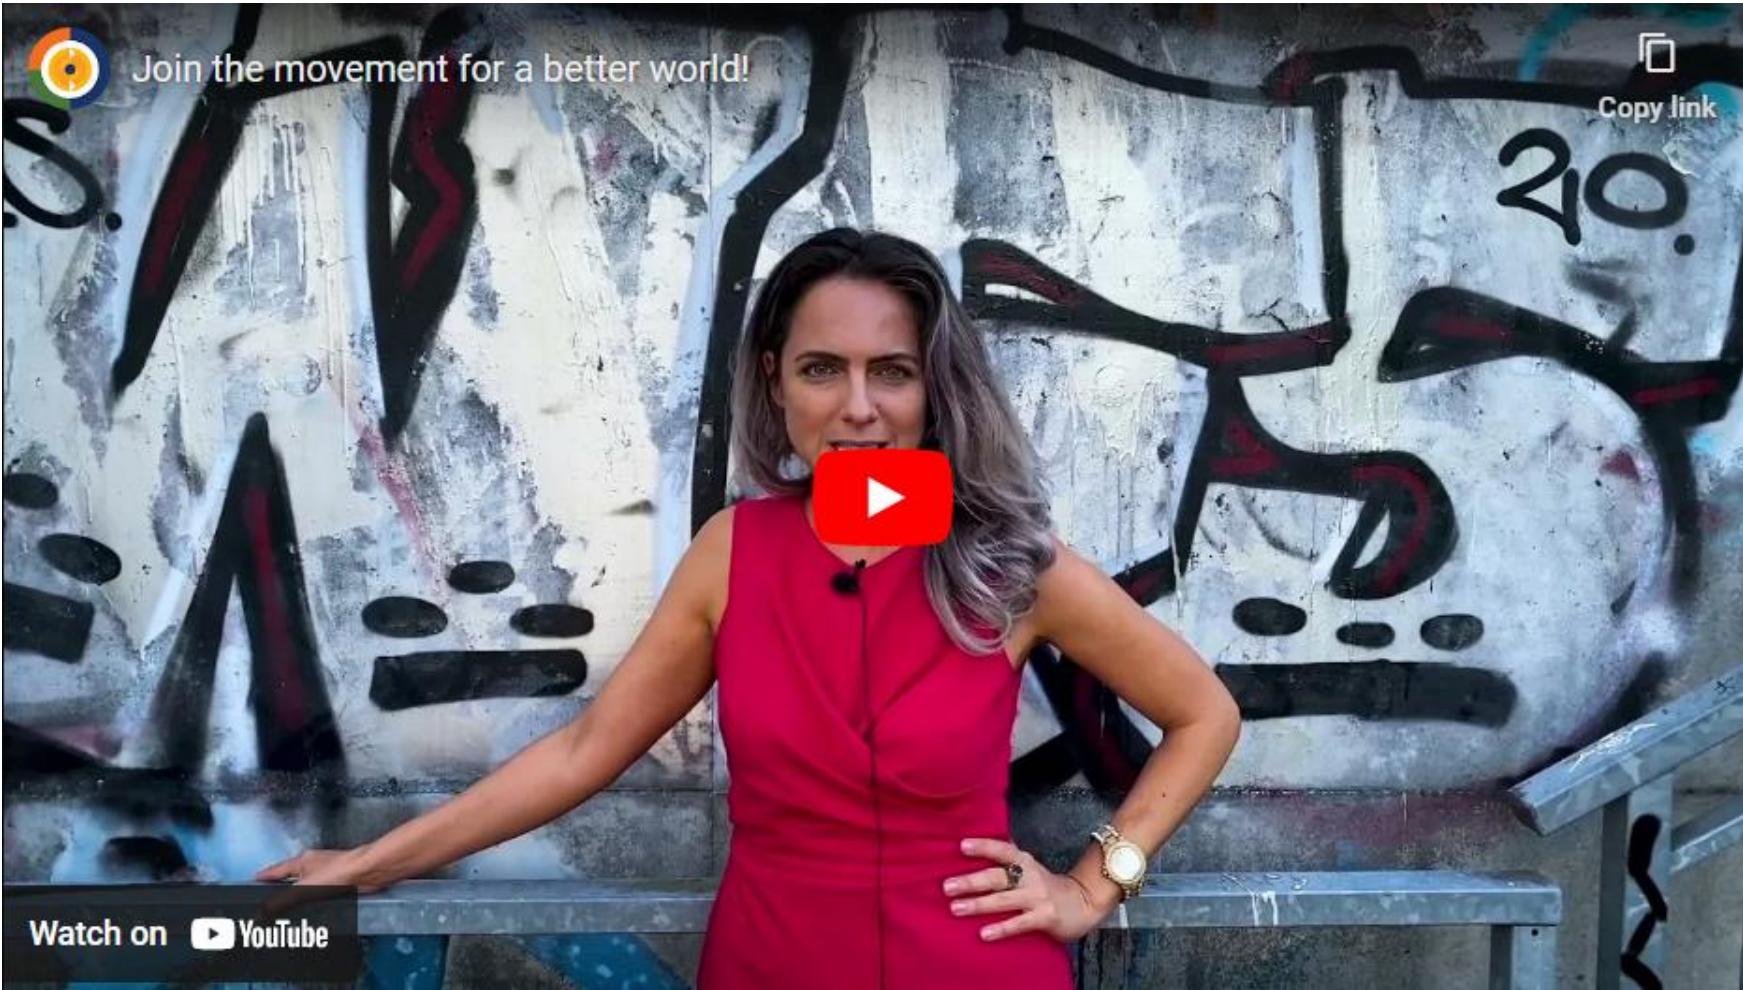

**M. Nicolas DOMENJOUR**  
Responsable  
secteur « TIC & Normalisation »  
ILNAS/OLN

**Mme Anika LEY**  
Gestionnaire de projets  
ILNAS/OLN

## Campagne 2022 – ISO – IEC – ITU | Objectifs de développement durable (ODD)

# National standardization strategy 2020-2030

14<sup>th</sup> October 2022

Dr. Jean-Philippe Humbert  
Adjoint à la Direction - ILNAS

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

**Pillar 1 – Use of relevant technical standards**

**Pillar 2 – Involvement in the standardization process**

**Pillar 3 – Active participation of the NSB in the European and international standardization organizations**

**Pillar 4 – Development of research and education about standardization**

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

Pillar 1 – Use of relevant technical standards

Pillar 2 – Involvement in the standardization process

Pillar 3 – Active participation of the NSB in the European and international standardization organizations

Pillar 4 – Development of research and education about standardization

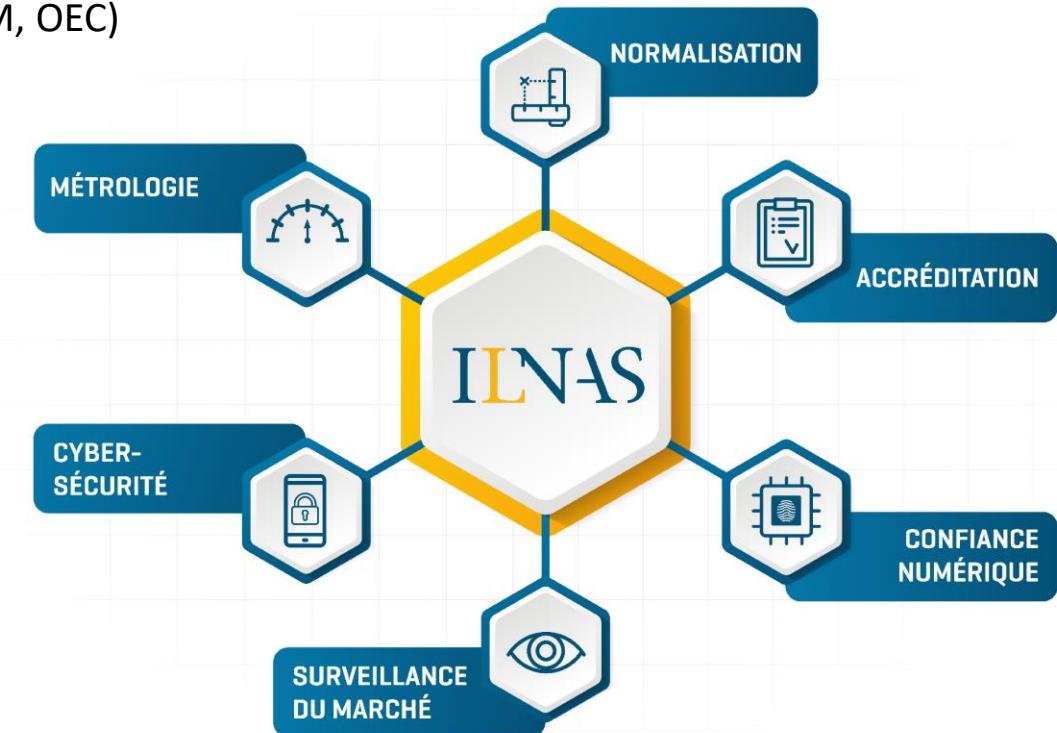

## - ILNAS

- Public administration under the authority of the Minister of the Economy
- Created by the amended Law of July 4, 2014
- Total staff: 58 (October 2022)
- ISO 9001:2015 certification (Budget and administration department, OLN, Digital Trust department, Market surveillance department, BLM, OEC)

## - National Standards Body

- Composed of 6 persons
- Close collaboration with the E.I.G. ANEC-N

- **Creation:** October 4, 2010
- **Status:** Economic Interest Group (EIG)
- **Objectives:** Promotion, awareness raising and training, applied research in the field of standardization and metrology in order to support companies' competitiveness in Luxembourg
- **Human resources:** 10 persons, including 4 employees in the standardization department (October 2022)
- **Partners:**

➔ Support for the implementation of the Luxembourg standardization strategy

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

Pillar 1 – Use of relevant technical standards

Pillar 2 – Involvement in the standardization process

Pillar 3 – Active participation of the NSB in the European and international standardization organizations

Pillar 4 – Development of research and education about standardization

→ Strategy signed by the Minister of the Economy of Luxembourg

## Technical standardization "Inclusive tool for performance and excellence to serve the economy"

### PERFORMANCE

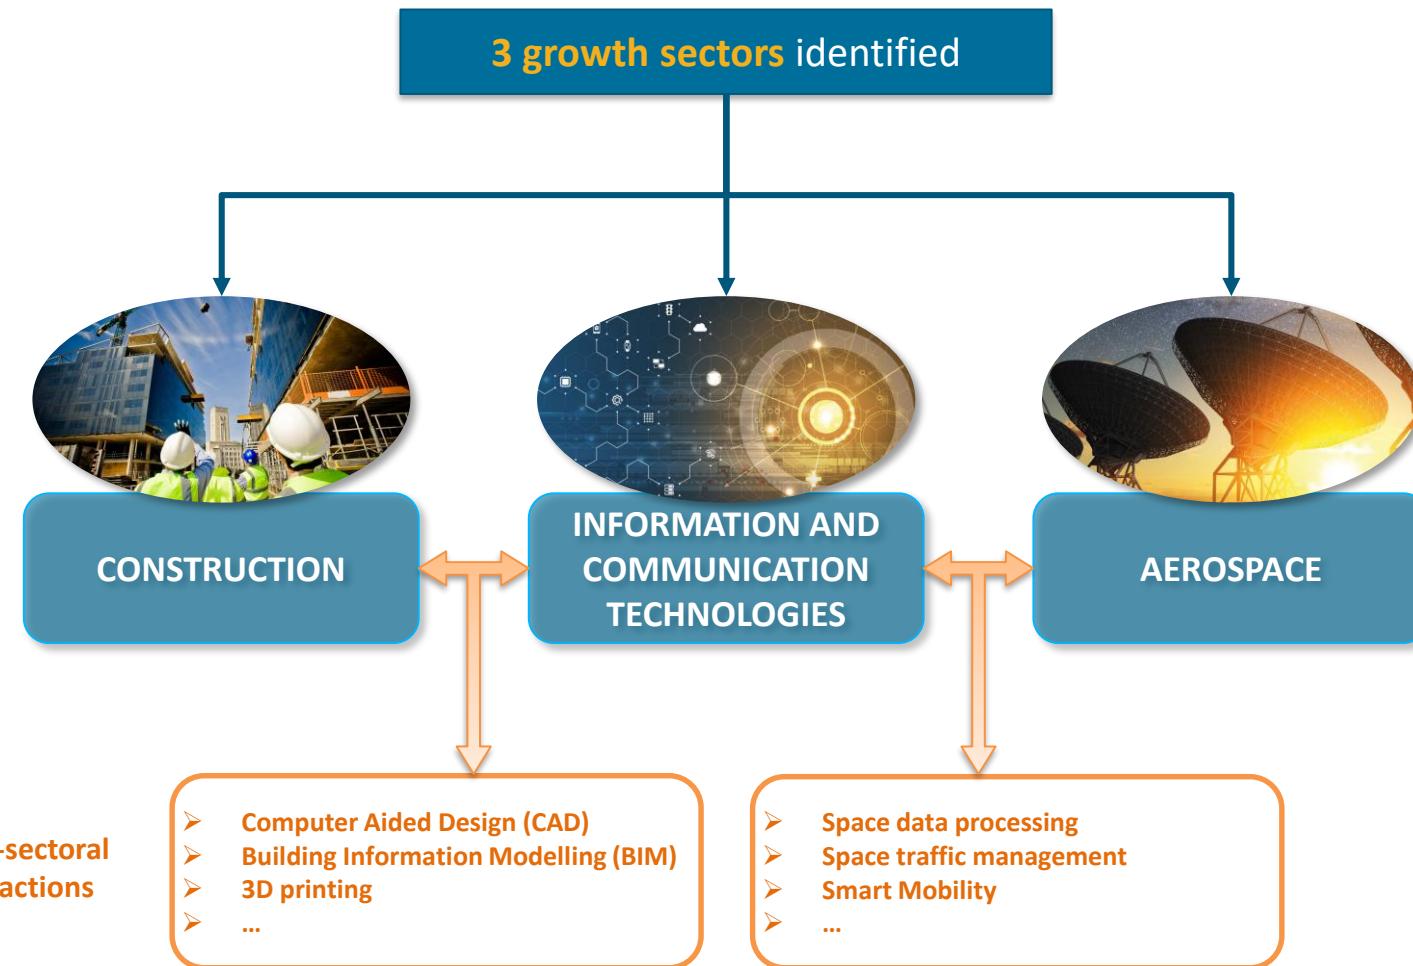

- Pillar 1 – Use of relevant technical standards**
- Pillar 2 – Involvement in the standardization process**

### EXCELLENCE

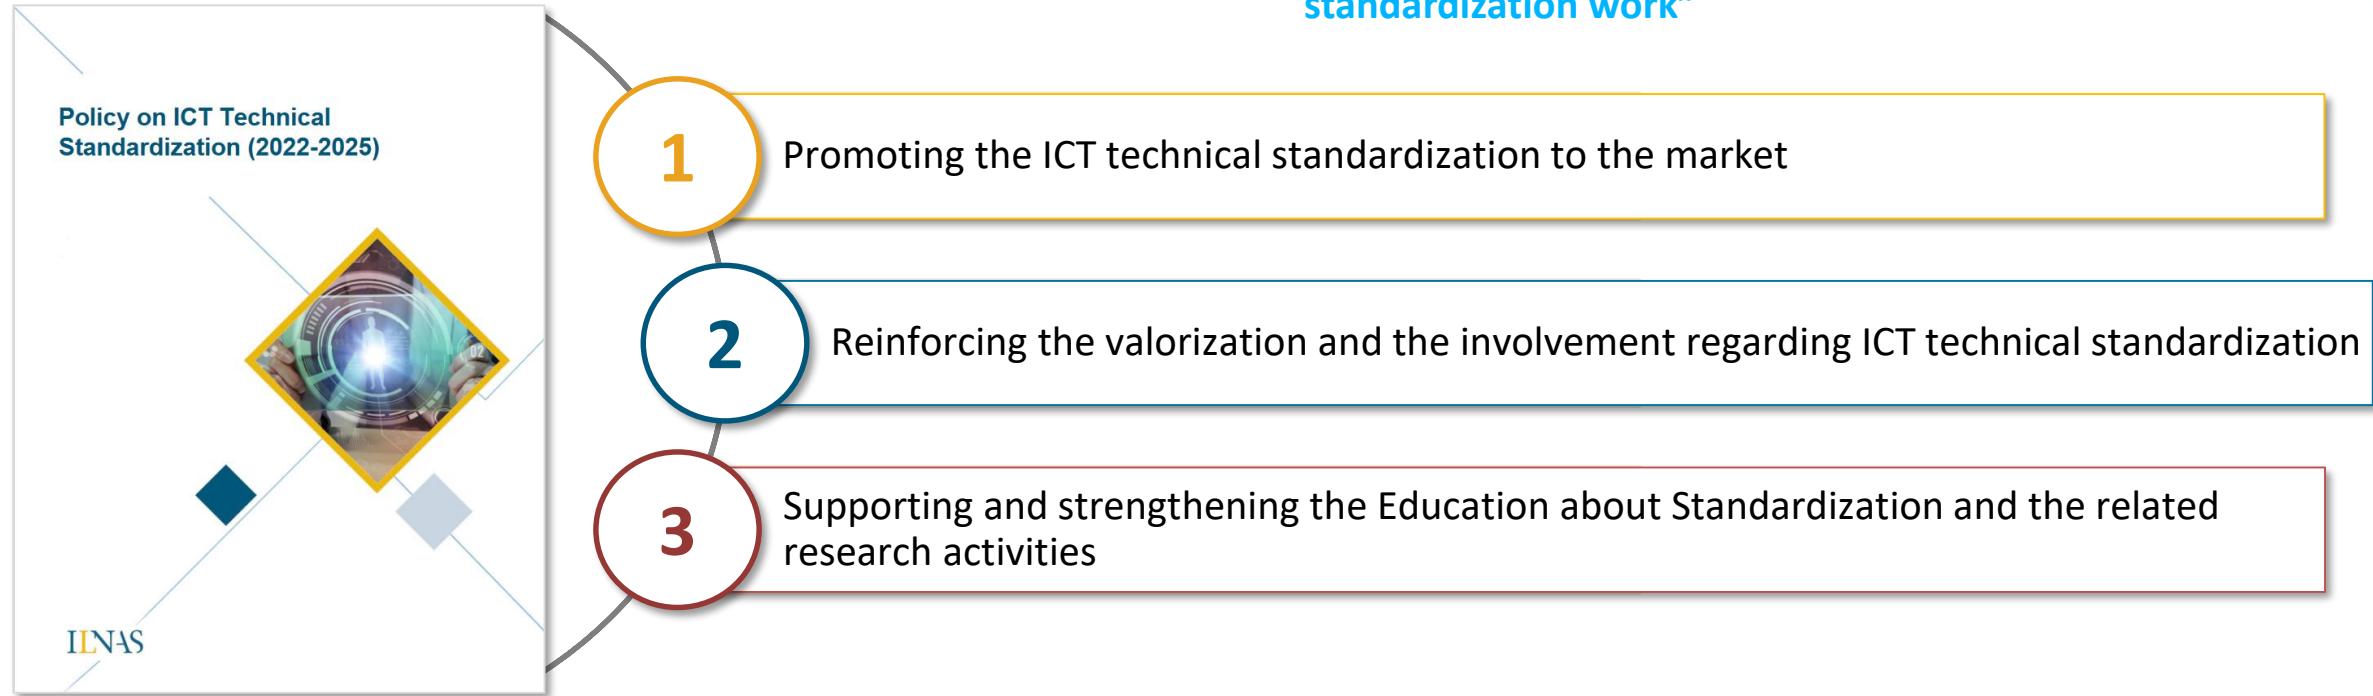

- Pillar 3 – Active participation of the NSB in the European and international standardization organizations**
- Pillar 4 – Development of research and education about standardization**

**Technical standardization**  
**"Inclusive tool for performance and excellence to serve the economy"**

**“Foster and strengthen the national ICT sector involvement in standardization work”**

Policies for the Construction and Aerospace sectors are based on similar lead projects

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

**Pillar 1 – Use of relevant technical standards**

Pillar 2 – Involvement in the standardization process

Pillar 3 – Active participation of the NSB in the European and international standardization organizations

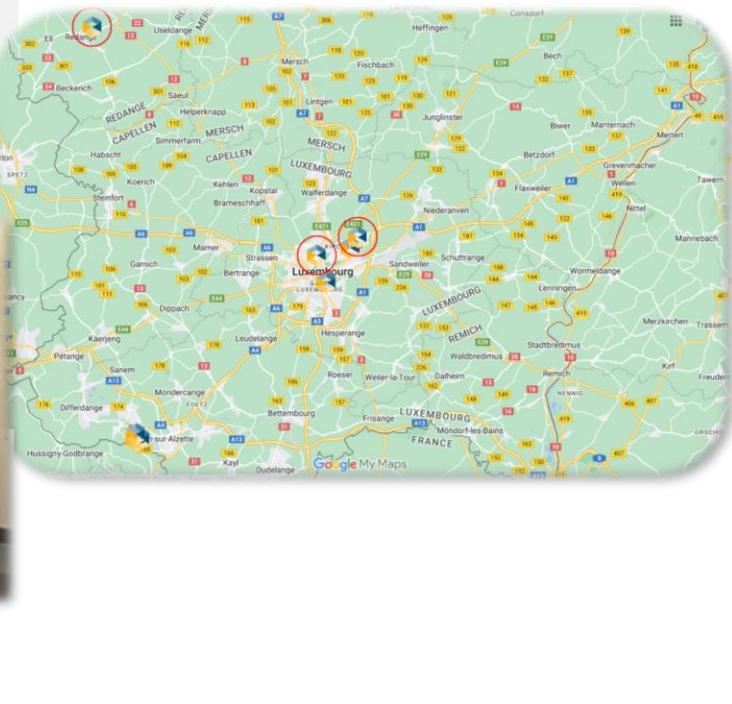

Pillar 4 – Development of research and education about standardization

Pillar 1 – Use of relevant technical standards – **Main achievements 2020-2022**

**3 new reading stations** for standards (9 in total)

- ✓ Atert-Lycée Redange
- ✓ Chambre des métiers
- ✓ Lycée des Arts et Métiers

**6 awareness videos** to promote the use of standards

- ✓ Network security
- ✓ Cloud Computing
- ✓ Building Information Modelling
- ✓ Space debris
- ✓ ...

2020 → +29% of sales compared to 2019  
2021 → +26% of sales compared to 2020

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

Pillar 1 – Use of relevant technical standards

**Pillar 2 – Involvement in the standardization process**

Pillar 3 – Active participation of the NSB in the European and international standardization organizations

Pillar 4 – Development of research and education about standardization

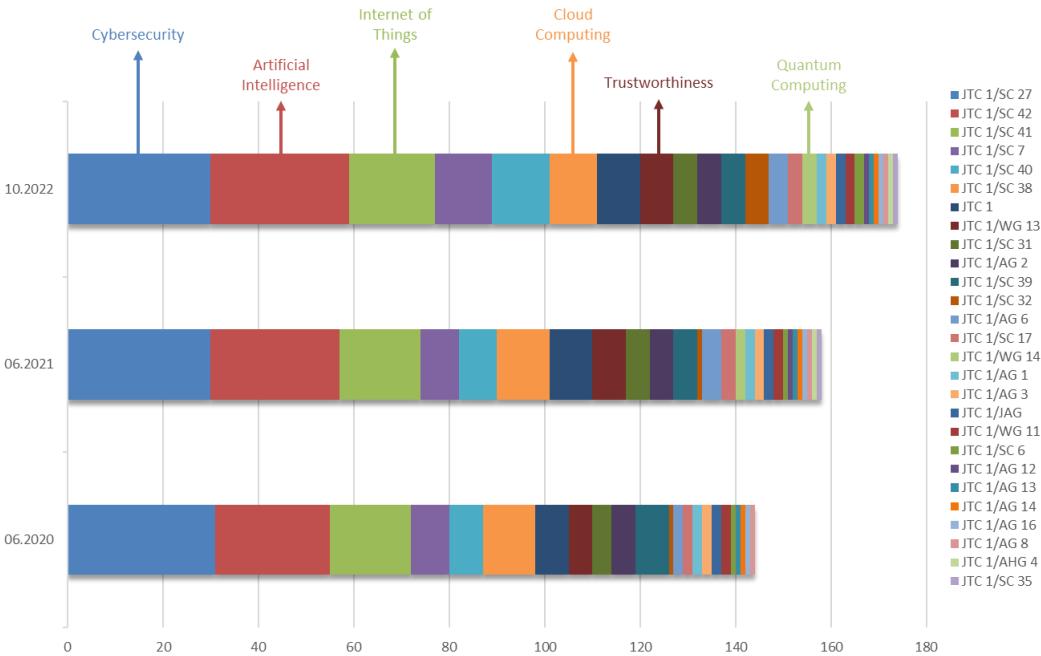

## Pillar 2 – Involvement in the standardization process – Main achievements 2020-2022

2021

- 299 national delegates in standardization (+9% compared to 2020)
- 1.065 registrations in technical committees in total

## Example of the ICT sector

- ✓ 77 national delegates in October 2022
- ✓ 363 registrations in October 2022

## Creation of National Standardization Commissions

- ✓ NSC 01 “Cybersecurity” in 2021
- ✓ NSC 02 “Conformity” in 2022

## INTERNATIONAL

36 national  
delegates

NSC 01

40 national  
delegates7 national  
delegates

## EUROPEAN

- Avoid fragmentation of the work at national level
- Improve national participation in European standards projects
- Remove complexities for national experts participating in multiple technical committees from different SDOs

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

Pillar 1 – Use of relevant technical standards

Pillar 2 – Involvement in the standardization process

**Pillar 3 – Active participation of the NSB in the European and international standardization organizations**

Pillar 4 – Development of research and education about standardization

Pillar 3 – Active participation of the NSB in the European and international standardization organizations – **Main achievements 2020-2022**

### Participation in SDOs **General Assemblies** to represent Luxembourg's interests

- ✓ CEN-CENELEC
- ✓ ISO
- ✓ IEC

Luxembourg plans to host the **CEN-CENELEC General Assembly 2025**

### Active participation in **strategic technical committees**

- ✓ National Presidency ISO/IEC JTC 1
- ✓ Participation in multiple Technical Committees

### Organization of **International Meetings**

- ✓ ISO/IEC JTC 1/SC 27/WG 5 in October 2022

### Launch of the **National Policy “ISO CASCO” 2022-2030** in 2022

- ✓ Presidency of NSC 02 “Conformity”
- ✓ Publication of a report on Management System Standards

## I - INTRODUCTION OF ILNAS

## II - NATIONAL STANDARDIZATION STRATEGY 2020-2030

Pillar 1 – Use of relevant technical standards

Pillar 2 – Involvement in the standardization process

Pillar 3 – Active participation of the NSB in the European and international standardization organizations

**Pillar 4 – Development of research and education about standardization**

## Pillar 4 – Development of research and education about standardization

## Research program “Technical Standardisation for Trusted Use in the Field of Smart ICT” (2017-2020) in collaboration with the University of Luxembourg

The University of Luxembourg and ILNAS are strengthening their collaboration in the field of Smart ICT and standardization. A ceremony was held on May 17, 2017 at the Ministry of Economy to formally conclude the partnership.

In the rear row, from left to right: Jean-Philippe Humbert, Pascal Bouvry, Paul Heuschling, Yves Elsen, Björn Ottersten;  
In the front row, from left to right: Ludwig Neyses, Francine Cloesener, Jean-Marie Reiff

# Présentation de l'Organisme luxembourgeois de normalisation

14<sup>th</sup> October 2022

Jérôme Hoerold – Chef de département (ILNAS)

## 1.1 Au niveau national

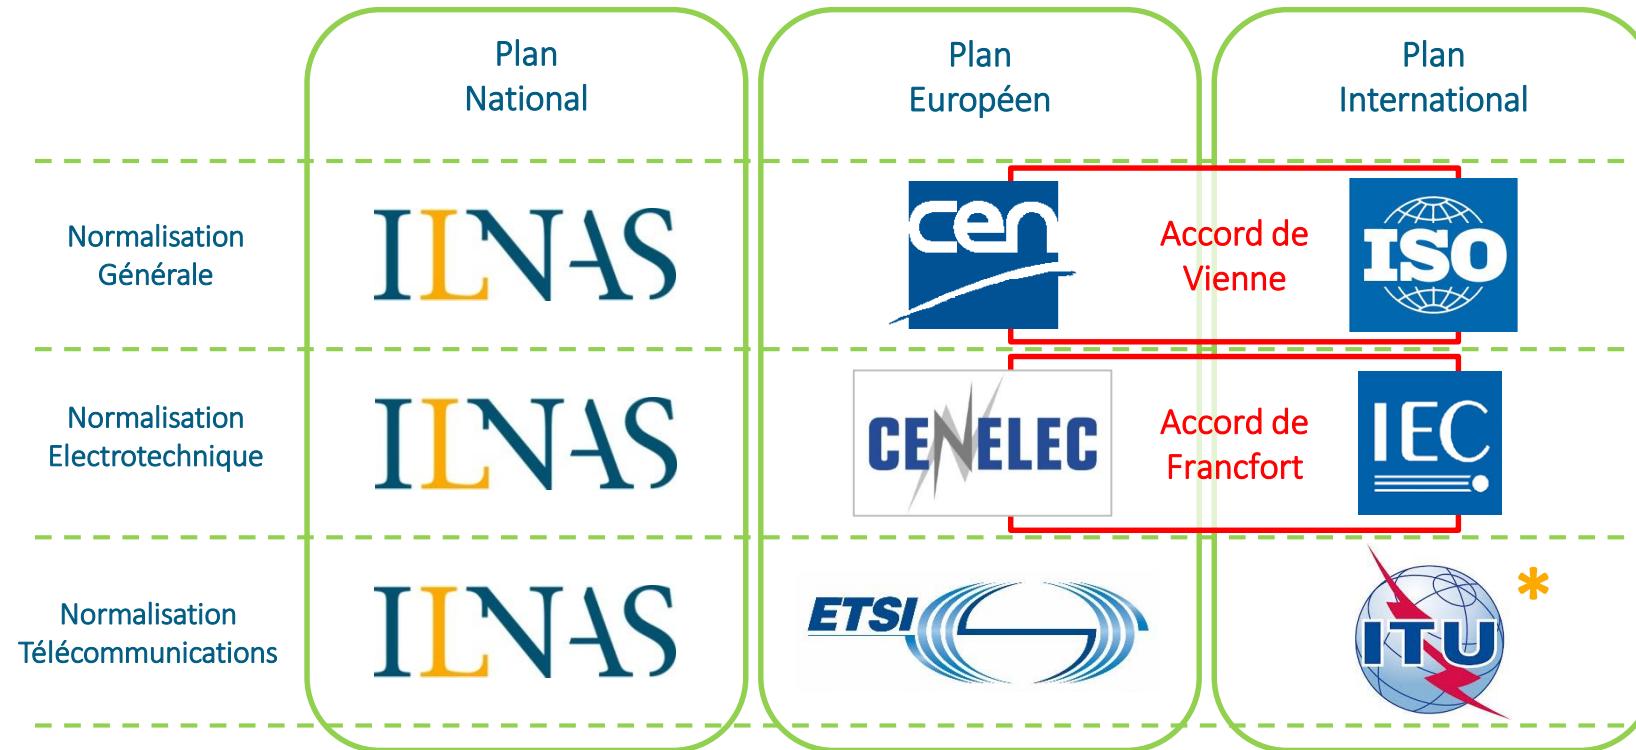

➤ **Création de documents normatifs nationaux**

- Annexes nationales aux Eurocodes (2011 et 2019)
- Annexe nationale sur le Diesel d'hiver (2013 et 2019)
- Création d'un bureau national de normalisation dans le domaine de la construction (2015)
- Norme nationale sur la surface habitable (2016)
- Norme nationale relative à la sécurité de l'information dans le cadre de l'accréditation des laboratoires (2020)
- Norme nationale sur les missions de contrôle technique des bâtiments (2021)
- Norme nationale sur les critères de performance acoustique pour les bâtiments d'habitation (2022)
- Norme nationale relative à l'archivage électronique (2022)
- Annexes nationales sur le béton (en cours)

➤ **Création d'une culture normative au Luxembourg**

- Master « Technopreneuship », en collaboration avec l'Université du Luxembourg (Support du GIE ANEC-N)
- Programme de recherche en collaboration avec l'Université du Luxembourg
- Promouvoir la normalisation au Luxembourg (Newsletter, portail-qualite.lu, Linkedin, événements, ...)
- Formation continue dans le domaine de la normalisation et sensibilisations au sein des lycées

\* ITU-T

➤ **Participer à la création de normes européennes et internationales**

- Ouvert aux acteurs socio-économiques du Luxembourg
- Inscription gratuite
- Formations gratuites offertes aux experts

➤ **Représentation du Luxembourg au niveau européen et international**

- Participation au « Committee on Standards » de la Commission européenne
- Participation aux assemblées générales, bureaux techniques et groupes de travail spécifiques du CEN, CENELEC, ETSI, ISO et IEC

## 2.1 Possibilités de participation

➤ **Comment participer à l'élaboration de normes nationales, européennes ou internationales ?**

- 1) Enquête publique d'un projet de norme
- 2) Participation active au sein d'un comité technique

« Celui qui fait la norme fait le marché! »

## 2.2 Enquête publique

- Naviguer vers l'ILNAS e-shop (<https://ilnas.services-publics.lu>) pour communiquer votre avis sur un projet de norme qui se trouve au stade de l'enquête publique.

The screenshot shows the ILNAS e-shop homepage. At the top left is the ILNAS logo and the text "ILNAS e-shop". The main header says "BIENVENUE SUR L'E-SHOP DE L'ILNAS !". Below it, a message states: "Les normes nationales (ILNAS, DIN), européennes (EN) et internationales (ISO, IEC) sont à votre portée !" followed by "ILNAS vous offre la possibilité de rechercher et d'acheter des normes nationales, européennes et internationales élaborées et adoptées par les organisations de normalisation, à savoir : ILNAS, DIN, CEN, CENELEC, ETSI, ISO et IEC. Le catalogue en ligne vous donne accès aux normes publiées et aux projets de norme ainsi qu'aux versions antérieures." A note below says: "Un accès en lecture seule est offert gratuitement à plusieurs endroits au Luxembourg." On the left, there's a search bar with the placeholder "RECHERCHER UNE NORME" and a magnifying glass icon. Below the search bar are several checkboxes: "Normes ratifiées", "Projets de norme", "Normes annulés", and "Normes en enquête publique", with the last one checked and circled in red. Below the search bar is a link to "RECHERCHE AVANCÉE". At the bottom left, there are three links: "Comment rechercher des normes ?" (with a magnifying glass icon), "Comment acheter des normes ?" (with a credit card icon), and "Comment recevoir des normes ?" (with a mail icon). To the right, there's a sidebar with language links "FR", "DE", and "EN". The sidebar also lists various services with icons: "LOGIN" (checkmark icon), "CATALOGUE" (book icon), "AIDE" (info icon), "ENQUÊTE DE SATISFACTION" (people icon), "NEWSLETTER" (newspaper icon), "OFFRE DE FORMATION CONTINUE GRATUITE "NORMALISATION"" (book icon), "PARTICIPEZ À LA NORMALISATION" (people icon), "COMMENTER UNE NORME EN ENQUÊTE PUBLIQUE" (comment icon), and "ORGANISMES DE NORMALISATION" (globe icon).

## 2.2 Enquête publique

The screenshot shows the ILNAS e-shop search results page. The top navigation bar includes the ILNAS logo, a search bar, and language links (FR, DE, EN). The main search results table has columns for 'APERÇU PARTIEL GRATUIT', 'PRIX', and 'LANGUE' (FR, DE, EN). The first result is a highlighted document: 'prEN 13138-1 Edition 09/2019'. A red oval highlights the link 'Vous pouvez commenter ce projet de norme' (You can comment on this standard project) located below the document details. The right sidebar contains links for login, searching a standard, help, satisfaction survey, newsletter, continuous training offer, participation in standardization, public comment on a standard, and information on standardization bodies.

APERÇU PARTIEL GRATUIT	PRIX	LANGUE
<p><a href="#">prEN 13138-1 Edition 09/2019</a></p> <p>Aides à la flottabilité pour l'apprentissage de la natation - Partie 1: Exigences de sécurité et méthodes d'essai pour les aides à la flottabilité portées au corps</p> <p>TC/SC : <a href="#">CEN/TC 162</a></p> <p>Statut : Projet - Actif</p> <p><a href="#">Vous pouvez commenter ce projet de norme</a></p>	€ 0.00	FR  DE  EN
<p><a href="#">ETSI EN 302 208 V3.3.0 (2020-05)</a> Edition 05/2020</p> <p>Radio Frequency Identification Equipment operating in the band 865 MHz to 868 MHz with power levels up to 2 W and in the band 915 MHz to 921 MHz with power levels up to 4 W; Harmonised Standard for access to radio spectrum</p> <p>TC/SC : <a href="#">ERM TG34</a></p> <p>Statut : Projet - Actif</p> <p><a href="#">Vous pouvez commenter ce projet de norme</a></p>	€ 0.00	EN
<p><a href="#">EN 61850-5:2013/prA1:2020</a> Edition 10/2020</p> <p>Réseaux et systèmes de communication pour l'automatisation des systèmes électriques - Partie 5: Exigences de</p>		

## 2.3 Délégué national en normalisation

**Pourquoi participer ?**

- Appartenance à un réseau d'experts
- Anticiper les normes futures et les développements au sein du secteur
- Possibilité d'émettre des votes tout en représentant le Luxembourg

**Qui peut participer ?**

- Tout acteur socio-économique du Luxembourg avec certaine expertise

**Coûts de la participation ?**

- Participation gratuite au Luxembourg

**Registre des experts (Septembre 2022)**

- 299 experts inscrits
- 1065 inscriptions dans les comités techniques

**Registre national des délégués en normalisation - Septembre 2022**

## Nombre d'inscriptions aux comités techniques :

ILNAS/OLN	75
CEN	240
CENELEC	12
CEN/CLC	48
CEN/CLC/ETSI	2
ECSS	0
ISO/IEC	371
ISO	304
IEC	13
Total	1065

Nombre de personnes inscrites : 299

1, av du Swing - L-4367 Belvaux - Tél. : (+352) 24 77 43 40 - Fax : (+352) 24 79 43 40 - Email : normalisation@ilnas.etat.lu - www.portail-qualite.lu

mercredi 28 septembre 2022

Approuvé par Jérôme HOEROLD

Page 1 sur 108

## 3.1 Catalogue de normes de l'ILNAS

- 82 normes nationales
- +79.000 normes européennes du CEN, CENELEC et ETSI
- +72.000 normes internationales de l'ISO et IEC
- +48.000 Normes DIN

ILNAS

Institut luxembourgeois de la normalisation,  
de l'accréditation, de la sécurité et qualité  
des produits et services

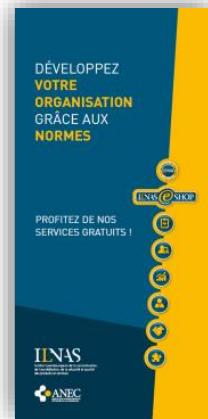

## 3.2 Consultation gratuite

- Toutes les normes EN (CEN,CENELEC et ETSI), ISO, IEC et ILNAS peuvent être consultées gratuitement sur les stations de lecture ILNAS
- Localisation :
  - 1) Université du Luxembourg (Campus Kirchberg)
  - 2) Chambre des métiers
  - 3) Securitymadein.lu (sur RDV)
  - 4) Lycée des Arts et Métiers
  - 5) Lifelong Learning Center
  - 6) ILNAS (sur RDV)
  - 7) LIST (Belvaux)
  - 8) Administration communale de la ville d'Echternach
  - 9) Aert-Lycée Redange

Afin d'exploiter au mieux les avantages liées à la normalisation, l'ILNAS offre, en collaboration avec le GIE ANEC-N, les produits et services suivants aux acteurs socio-économiques nationaux :

- Diffusion de l'information normative
- Formation continue en normalisation
- Veille normative ciblée
- Analyse normative sectorielle (Secteurs « porteurs »)

## Portail qualité

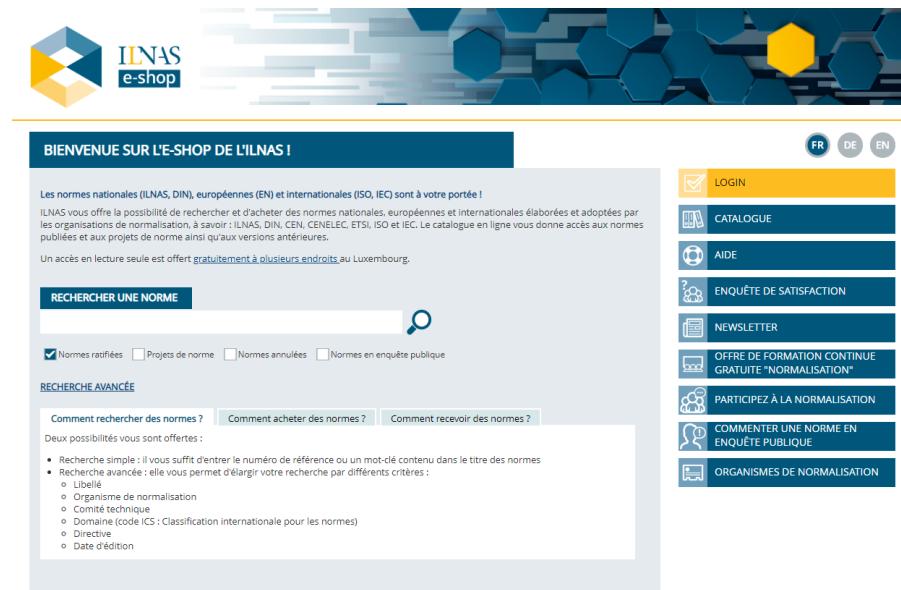

[www.portail-qualite.lu](http://www.portail-qualite.lu)

The screenshot shows the homepage of the Portail qualité website. At the top, there's a navigation bar with links for Sécurité et Santé, Métrologie, Accréditation et Notification, Confiance numérique, Normes et Normalisation, Propriété Intellectuelle, and Libre circulation et surveillance du marché. Below the navigation is a banner with a large eye icon and the text "Répondez à l'enquête de l'ILNAS sur les TIC émergentes et les besoins normatifs associés". To the right of the banner is a news item about the Internet of Things. Further down, there are two more news items: one about a committee meeting and another about COVID-19. At the bottom, there are two call-to-action boxes: "Informez-vous auprès du point de Contact Produits" and "Informez-vous sur l'archivage électronique". A sidebar on the right contains a search bar and a "VOIR TOUTES LES ACTUALITÉS" button.

## ILNAS e-shop

[ilnas.services-publics.lu](http://ilnas.services-publics.lu)

The screenshot shows the homepage of the ILNAS e-shop. The main header says "BIENVENUE SUR L'E-SHOP DE L'ILNAS !". Below it, there's a brief introduction about the availability of national, European, and international norms. The central part of the page has a search bar and a sidebar with various links: LOGIN, CATALOGUE, AIDE, ENQUÊTE DE SATISFACTION, NEWSLETTER, OFFRE DE FORMATION CONTINUE GRATUITE "NORMALISATION", PARTICIPEZ À LA NORMALISATION, COMMENTER UNE NORME EN ENQUÊTE PUBLIQUE, and ORGANISMES DE NORMALISATION. The sidebar also includes language selection buttons for FR, DE, and EN.

# Technical Standardization: development of the growth sectors

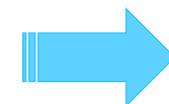

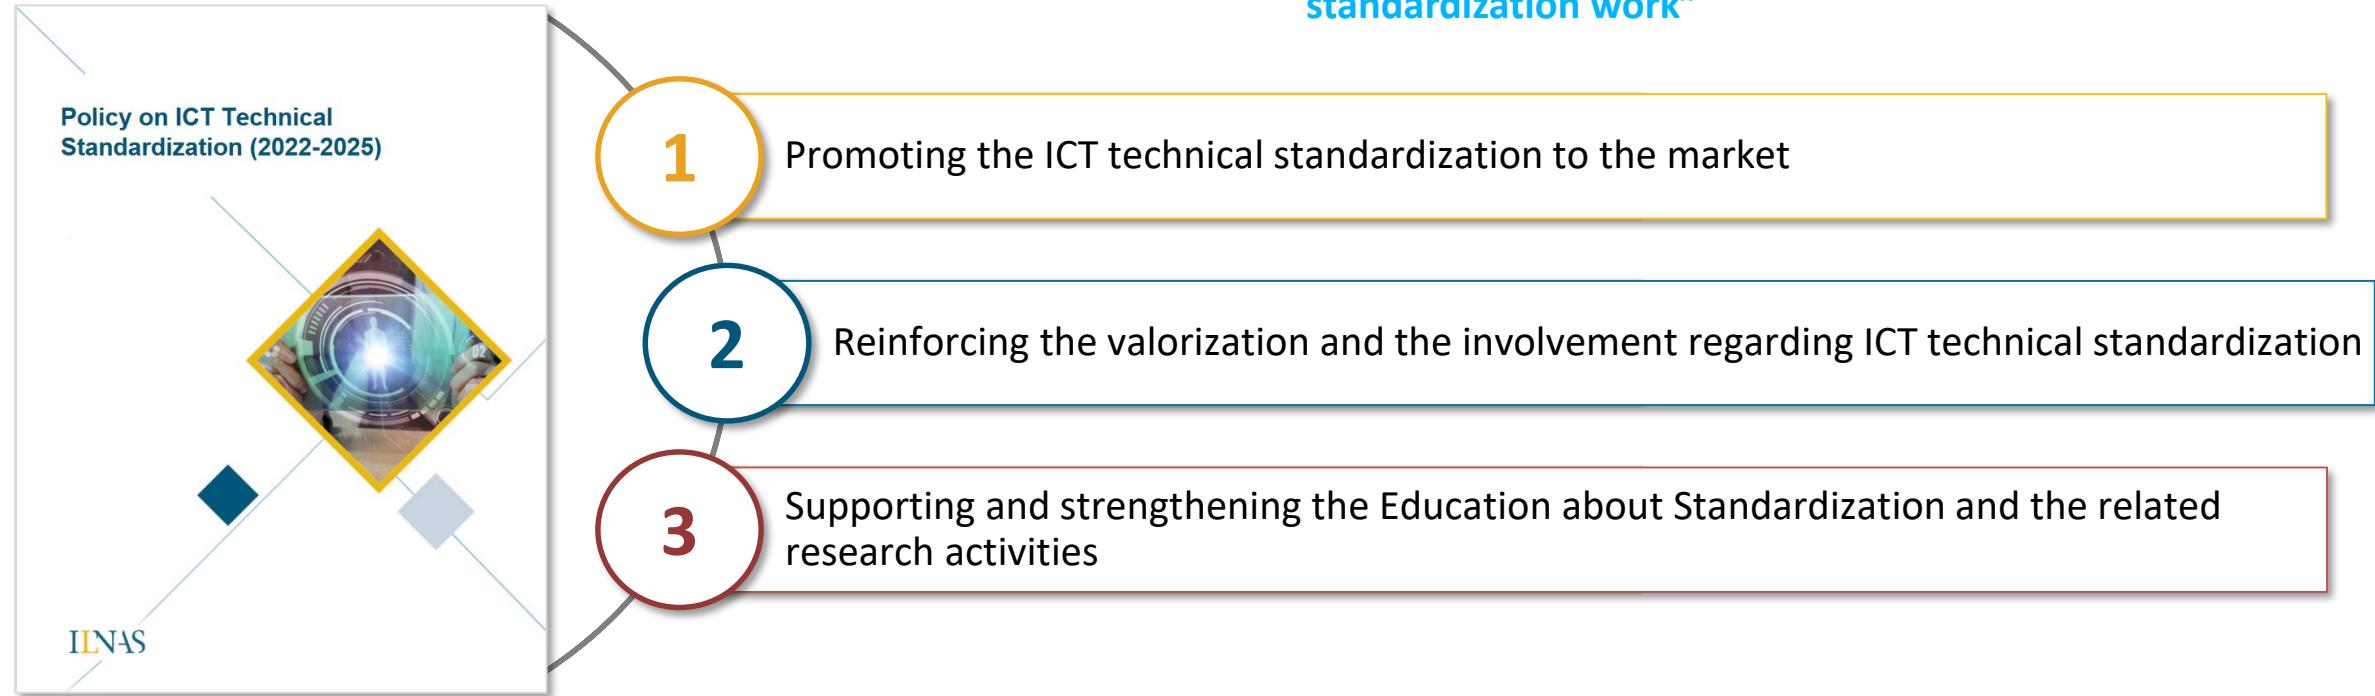

14<sup>th</sup> October 2022

Mr. Nicolas Domenjoud

*Responsable secteur « TIC & Normalisation » - ILNAS/OLN*

**“Foster and strengthen the national ICT sector involvement in standardization work”**

Policies for the Construction and Aerospace sectors are based on similar lead projects

I - Promoting technical standardization to the market

II - Reinforcing the valorization and the involvement regarding technical standardization

III - Supporting and strengthening the Education about Standardization and the related research activities

I - Promoting technical standardization to the market

II - Reinforcing the valorization and the involvement regarding technical standardization

III - Supporting and strengthening the Education about Standardization and the related research activities

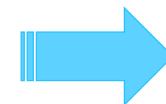

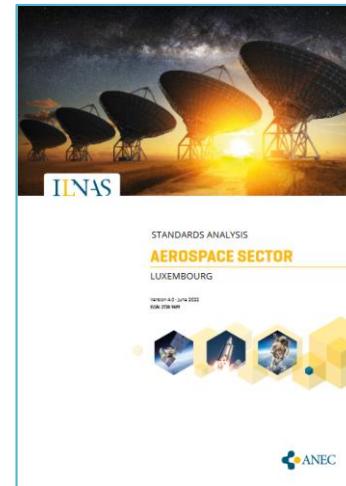

## I. Promoting technical standardization to the market

### A. Draw up national standards analyses

#### → Sector-based technical standardization “Snapshots”

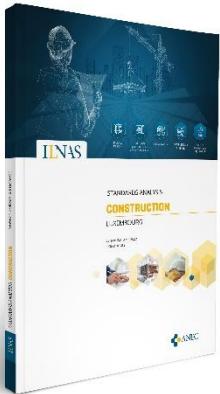

- Economic context / Overview of the sectors
- Generalities on standardization to better understand the context
- A presentation of the main national actors
- Standards watch of the related sector
  - Identification and description of technical standardization committees
  - Mention of the related national representation
- Final report with the results of the above mentioned standards watch and the identified opportunities

Updated annually (twice a year for the ICT sector)

## I. Promoting technical standardization to the market

### A. Draw up national standards analysis

CONSTRUCTION

<https://gd.lu/6wBmmn>

#### 303 Technical Committees

94 International  
204 European  
5 National

#### Study & Design

18 TC International  
31 TC European  
4 TC National

#### Building Construction & Civil Engineering

22 TC International  
48 TC European  
1 TC National

#### Installation

35 TC International  
85 TC European

#### Completion & Finishing

8 TC International  
21 TC European

#### Safety, Machinery & Equipment

11 TC International  
19 TC European

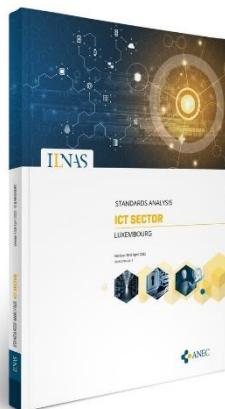

## I. Promoting technical standardization to the market

### A. Draw up national standards analysis

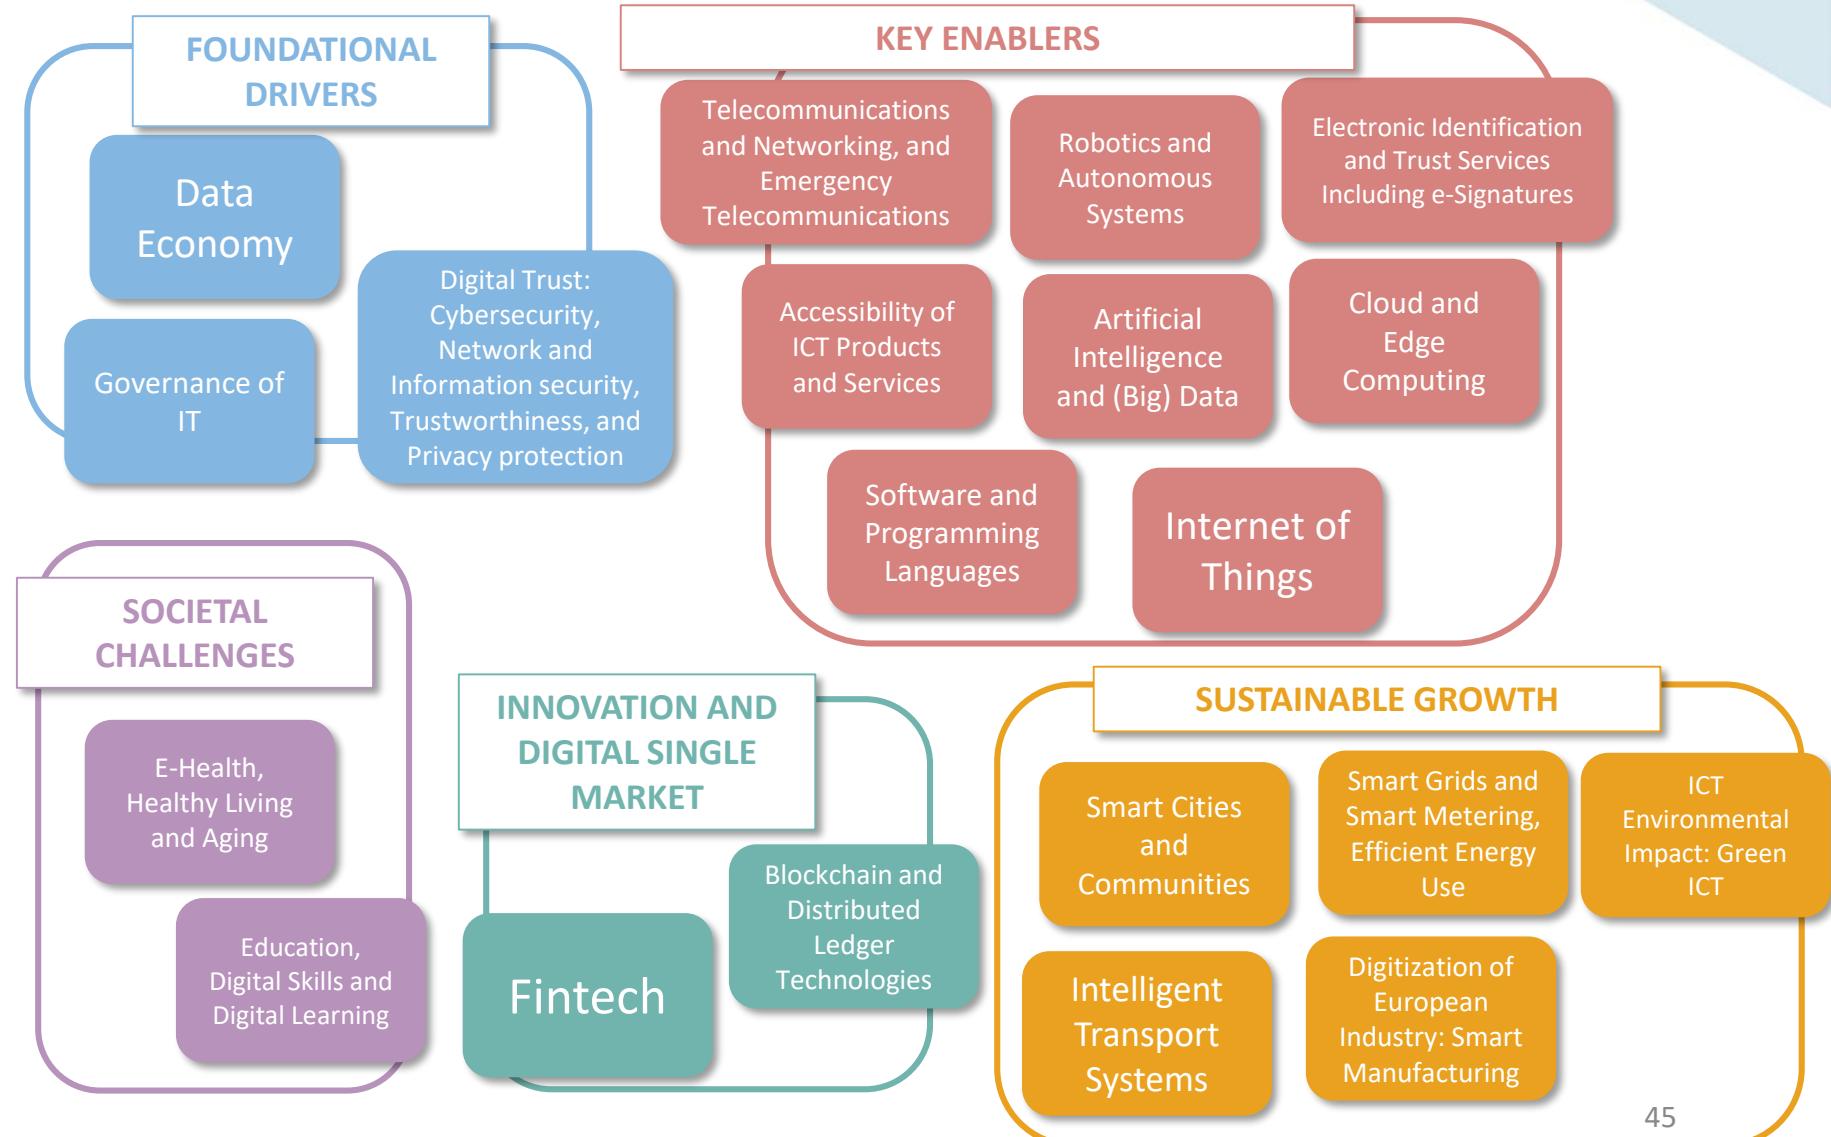

**9 international technical committees | 31 international sub-committees**  
**4 international working groups | 27 European technical committees**

ICT

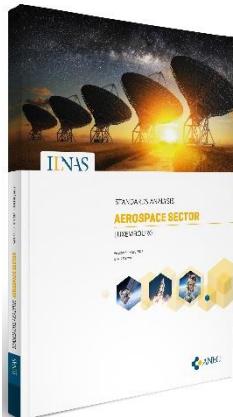

<https://gd.lu/cQFNkt>

## I. Promoting technical standardization to the market

### A. Draw up national standards analysis

44 standardization entities  
(TC, WG, ...) identified

AEROSPACE

<https://gd.lu/dPks3b>

#### Regrouped into 5 parts:

- Solely dedicated to the space sector, with a wide range of applications
- Telecommunication
- Earth Observation
- Technical areas (mechanical, electrical...)
- Systems engineering, Quality, Safety and Management processes

#### 3 major technical committees:

- ISO/TC 20/SC 14 “Space systems and operations”
- CEN/CLC/JTC 5 “Space”
- ASD-STAN “Aerospace”

## I. Promoting technical standardization to the market

### B. Define national implementation plans

- **Implementation plans are drawn up on a yearly basis by ANEC GIE, under the supervision of ILNAS, in order to ensure that planned developments for each sector are in line with the national standardization priorities**
  - o Aim is to involve targeted stakeholders of the Grand Duchy of Luxembourg in a global approach to standardization in order to support the sectors in terms of competitiveness, visibility and performance, while enhancing the international recognition of Luxembourg at the standards level
  - o Directly in relation with the national Standards Analyses

I - Promoting technical standardization to the market

**II - Reinforcing the valorization and the involvement regarding technical standardization**

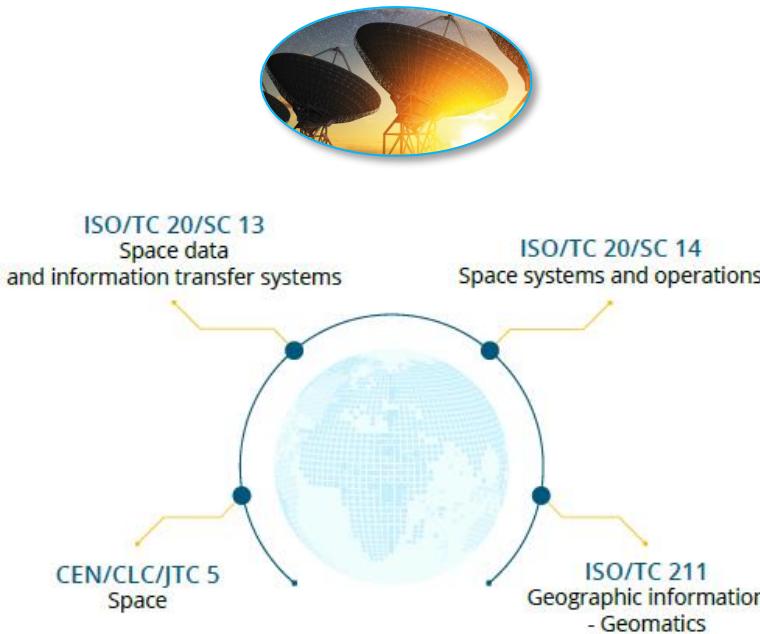

III - Supporting and strengthening the Education about Standardization and the related research activities

## II. Reinforcing the valorization and the involvement regarding technical standardization

### A. Participate in relevant technical committees

- In order to provide the most relevant information on technical standardization to the national ICT/aerospace/construction communities, ILNAS commissioned ANEC GIE to analyze the national market needs of these specific sectors in order to define a list of relevant technical committees
- These technical committees are followed closely and directly by ANEC GIE in order to provide the most relevant information to the interested national actors

- ✓ CEN/TC 250 "Structural Eurocodes"
- ✓ CEN/TC 442 "Building Information Modelling (BIM)"
- ✓ ISO/IEC JTC 1/SC 41/WG 6 "Digital Twin"
- ✓ ILNAS/TC in the construction sector
- ✓ ...

- ✓ CEN/CLC JTC 13 "Cybersecurity and Data Protection"
- ✓ CEN/CLC JTC 19 "Blockchain and Distributed Ledger Technologies"
- ✓ CEN/CLC JTC 21 "Artificial Intelligence"
- ✓ ISO/IEC JTC 1 "Information technology" and relevant subcommittees
- ✓ ETSI/TC CYBER "Cyber Security"
- ✓ ETSI/ISG SAI "Securing Artificial Intelligence"
- ✓ ...

## II. Reinforcing the valorization and the involvement regarding technical standardization

B. Promote the participation of the national market in technical standardization committees and the use of relevant standards

- Promote the use of the ILNAS reading stations

- Organize events to promote participation in technical standardization committees and the use of relevant standards in the three sectors

- o Breakfasts to present the Standards Analyses
- o Conference on the Standards Analysis of the Space sector
- o Presentation in the ICT Spring
- o Conference on cybersecurity standardization
- o ...

- Meet and raise the awareness of the national stakeholders (companies, public sector, associations, etc.) of the three sectors

## II. Reinforcing the valorization and the involvement regarding technical standardization

### C. Provide information to the national community

#### Development of videos for awareness-raising on standards in the construction sector

**CONSTRUCTION**

#### Flyers

#### Technical sheets valorizing standards in specific domains

**More than 100 companies of the construction sector contacted since 2021**

#### Booth BIMLUX 2021

#### CONSTRUCTION SECTOR

→ 120 national delegates  
→ 70 national entities represented

## II. Reinforcing the valorization and the involvement regarding technical standardization

### C. Provide information to the national community

#### Development of videos for awareness-raising on standards in the ICT sector

ICT

#### Presentations in national events (e.g.: ICT Spring)

(c) dominique gaul

#### Flyers

#### Creation of the National Standardization Commission "Cybersecurity"

##### INTERNATIONAL

36 national  
delegates

NSC 01

40 national  
delegates

CEN-CENELEC

JTC 13  
7 national  
delegates  
EUROPEAN

More than 800 companies of the ICT sector contacted since 2021

#### ICT SECTOR

- 94 national delegates
- 52 national entities represented

## II. Reinforcing the valorization and the involvement regarding technical standardization

### C. Provide information to the national community

#### Development of videos for awareness-raising on standards in the Aerospace sector

Flyers

More than 50 companies of the Aerospace sector contacted since 2021

AEROSPACE

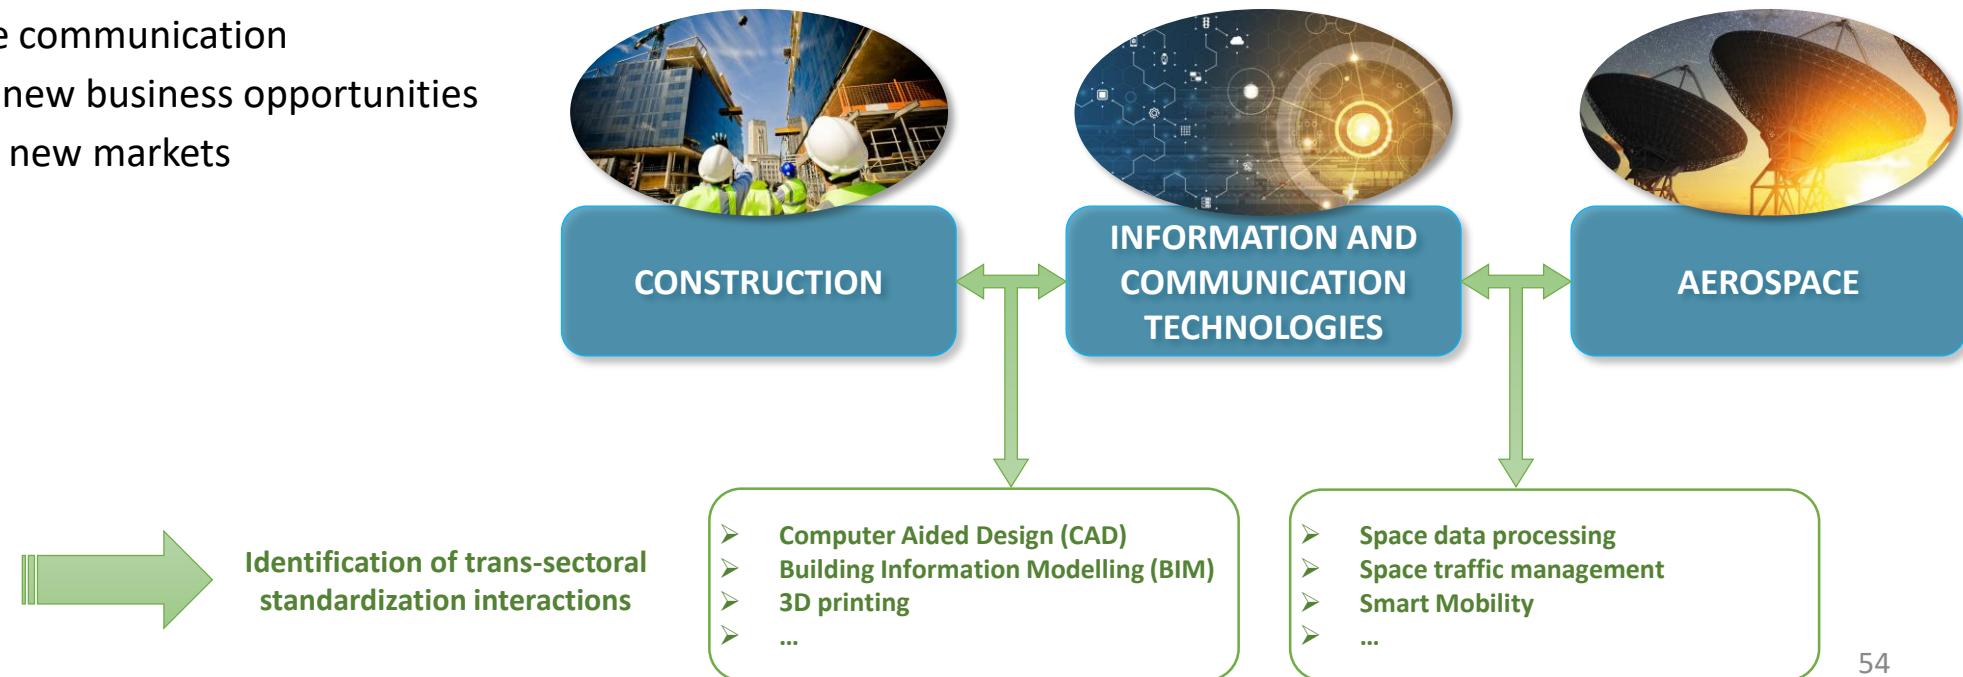

#### AEROSPACE SECTOR

- 2 national delegates
- 2 national companies in ETSI
- 3 national entities represented

## II. Reinforcing the valorization and the involvement regarding technical standardization

### D. Create transversal links with the ICT domain

- **The aerospace and construction sectors are evolving in parallel with the development and the usage of ICT**
  - o It is important to create transversal links with technical standardization of the ICT domain in order to identify new opportunities for common developments
- **Relevant information will be provided to the national stakeholders active in the aerospace and construction sectors, in order to allow them:**
  - o to improve the efficiency of their processes
  - o to facilitate communication
  - o to identify new business opportunities
  - o to develop new markets

I - Promoting technical standardization to the market

II - Reinforcing the valorization and the involvement regarding technical standardization

**III - Supporting and strengthening the Education about Standardization and the related research activities**

### III. Supporting and strengthening the Education about Standardization and the related research activities

#### A. Developing research activities

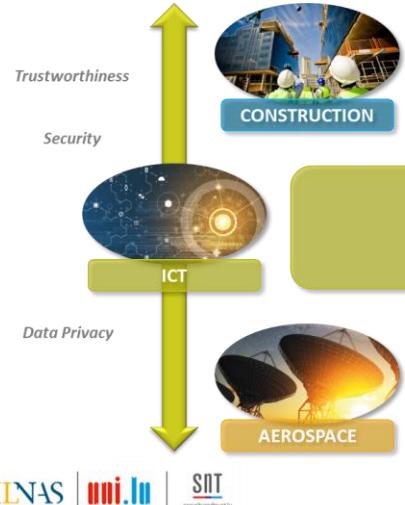

**INFORMATION AND  
COMMUNICATION  
TECHNOLOGIES**

2020-2022 - ILNAS Research activities

Research program "Technical Standardisation for Trustworthy ICT, Aerospace, and Construction" (2021-2024) in collaboration with the University of Luxembourg

*Building Information Modelling (BIM) and its integration with Artificial Intelligence (AI)*

3 PhD students

1 postdoc

*Swarms of Nano-satellites*

### III. Supporting and strengthening the Education about Standardization and the related research activities

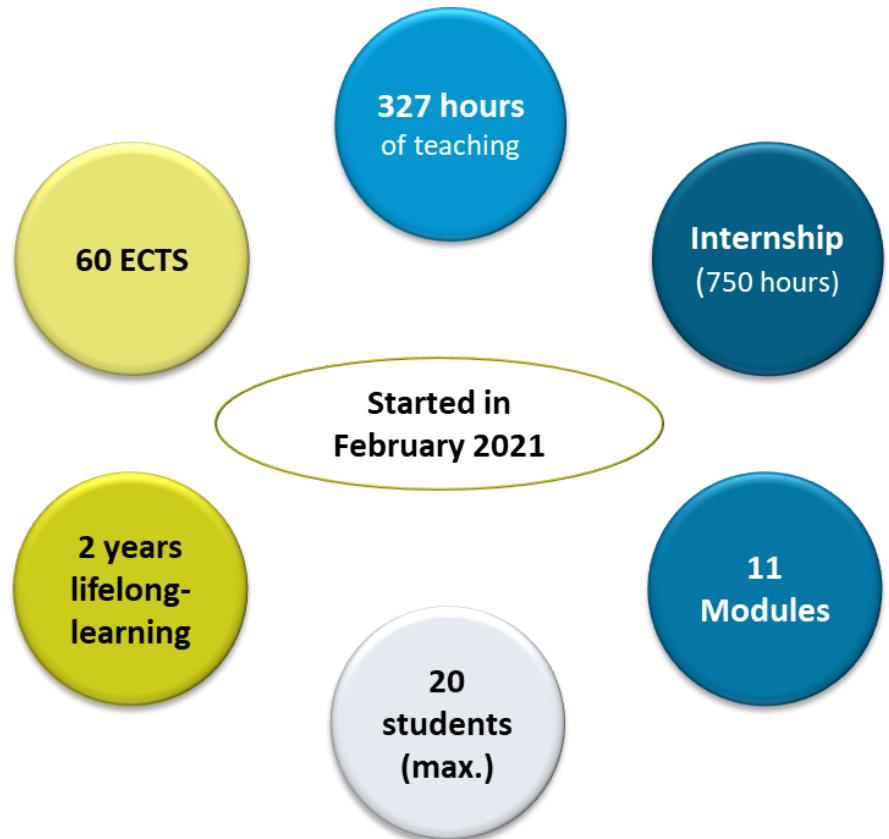

#### B. Managing the Master MTECH

- **ILNAS and ANEC GIE are participating actively in the Master's degree MTECH**

- Lecturers
- Co-responsibles for modules
- Participation in the definition of the program
- Student supervision (internship)
- ...

With the support of:

## C. Other projects

- ILNAS commissioned ANEC GIE to reinforce the research and innovation activities related to technical standardization in the aerospace and construction sector, notably by defining and carrying out new research and education projects
- In this frame, the developments are/could be:
  - o Analysis of the current research trends and outlooks related to the construction/aerospace sector
  - o Support of doctoral students (in collaboration with the University of Luxembourg), for example on research projects concerning the use of ICT in the construction/aerospace sector
  - o The publication of white papers and / or other research publications on technical standardization in the field of construction/aerospace
  - o Evaluate the possibilities to integrate educational content on aerospace technical standardization into educational programs or creating new educational programs dedicated to aerospace technical standardization

- **The Luxembourg's policies on technical standardization will enable to:**
  - Strengthen the national standardization communities in the three sectors
  - Organize and develop the technical standardization communities at national level
  - Raise awareness on technical standardization according to the market needs
  - Increase the national representation within European and international technical committees
  - Foster the use of relevant standards in business activities for the benefit of the national stakeholders
  - Develop research and education activities in relation with technical standardization considered as being of national interest
