Incubator as a product

Main guidelines & USPs

Data

Technoport is building a **dedicated analysis body** to support the **networking and insights extraction services**, a key proposition that goes directly with Luxembourg's positioning as an international and well-connected country.

Encouragement

Who dares, wins. Embrace failures, trial and error, and support the growth of the next generation of out-of-the-box thinkers and entrepreneurs. Providing a supportive, **state of the art infrastructure for new ideas and initiatives**.

Mentoring

Supporting companies in finding their **MVP and product-market fit**, based on Technoport's 26 years of experience in the European and global markets and a team of outsourced expert mentors.
