Technoport S.A.

21 January 2015

technoport®
business incubator | coworking | fab lab

Who are we ?

- Technoport S.A. was created in June 2012 by the merger of 2 public initiatives:
  - Technoport, created in 1998 by the CRP Henri Tudor
  - Ecostart , created in 2003 by the Ministry of the Economy

- The main shareholders of Technoport S.A. are the Luxembourg State (75%) and the SNCI (25%)

- Technoport S.A. has now more than 16.000 sqm of facilities across 5 buildings (1 in Esch-Belval and 4 in Foetz) and a team of 4,5 FTEs

Who are we ?

- Technoport is an incubator that supports individuals or small teams to validate and bridge their ideas to success through three platforms:

  – Business Incubator

  – Fabrication Laboratory (Fab Lab)

  – Coworking

Business Incubator

- Technoport S.A. supports the creation and development of innovative and technology-oriented companies in Luxembourg

- Technoport S.A. provides hosting (industrial halls and office space) and the support of a dedicated team to:
  - **New entrepreneurs** from idea validation to start-up
  - **Foreign companies** establishing their first production, R&D or innovation activities in Luxembourg

Supported Globally by | amazon web services | PayPal Startup Blueprint | Microsoft BizSpark Network Partner

Business Incubator

- Technoport runs 2 programs for new entrepreneurs:

  - **Pre-commercial (or challenge your idea)** 3 months program to validate a business idea

    132 applications in 2013

    158 applications in 2014(48,7% from Luxembourg, 52.5 % ICT)

  - **Start-up (or launch your business)** 3-4 year program to launch a start-up

    9 new companies accepted in 2013

    8 new companies accepted in 2014
